7TH ORDER

Motions, Memorials, and Resolutions

HOUSE JOINT MEMORIAL NO. 14 BY STATE AFFAIRS COMMITTEE

A JOINT MEMORIAL

TO THE PRESIDENT OF THE UNITED STATES, THE SECRETARY OF AGRICULTURE, THE SECRETARY OF THE INTERIOR, THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE UNITED

STATES IN CONGRESS ASSEMBLED, AND TO THE CONGRESSIONAL DELEGATION REPRESENTING THE STATE OF IDAHO IN THE CONGRESS OF THE UNITED STATES.

We, your Memorialists, the House of Representatives and the Senate of the State of Idaho assembled in the Second Regular Session of the Sixty-third Idaho Legislature, do hereby respectfully represent that:

WHEREAS, the U.S. Forest Service (Forest Service) and the Bureau of Land Management (BLM) currently administer a trust of more than 640 million acres of land, mostly in western states; and

WHEREAS, in Idaho, more than 61 percent of the land is administered by the federal government, or approximately 34 million acres, 20 million acres of which are administered by the Forest Service; and

WHEREAS, over the last several decades, federal agencies have become encumbered with conflicting federal laws and regulations causing a paralysis of management on these lands leading to adverse effects on the ecosystem such as higher incidence of insect damage, catastrophic wildfire, erosion and damage to watersheds and wildlife habitat; and

WHEREAS, access to federally administered lands has been decreasing steadily for decades. The Forest Service has reported that nearly 2,100 miles of Forest Service roads have been "decommissioned" in Idaho over the past several decades, which, in some cases, has created severe problems in the control of wildfire; and

WHEREAS, this inaction and lack of management has been further exacerbated by a constant stream of legal challenges to any proposed project, which has hindered the ability to effectively harvest timber, forage or extract minerals from our public lands, even in instances when the project's sole purpose is to protect and restore the lands; and

WHEREAS, in the West, the economies of rural communities once relied on the use of natural resources for business and job creation and tax revenues for schools and counties; and

WHEREAS, over the past several decades, timber harvest, mineral extraction and grazing on lands administered by the Forest Service and BLM in Idaho have severely declined, devastating local communities and the environment; and

WHEREAS, eastern states are becoming more resistant to having their tax dollars used to subsidize federal administration of western lands; and

WHEREAS, according to the nonpartisan Property and Environment Research Center in Bozeman, Montana, the Forest Service and BLM lose an average of \$4.38 per acre of land they administer, while western states gain an average of \$34.60 per acre of land they manage; and

WHEREAS, H.R. 2316, the Self-Sufficient Community Lands Act, has been introduced in the United States House of Representatives and has previously been approved by the House in a prior Congress; and

WHEREAS, H.R. 2316 will provide a possible path forward beyond Secure Rural Schools by allowing local communities to generate the revenues necessary to fund local operations by utilizing the natural resources available in their communities instead of relying on payments from Washington, D.C., to compensate for a lack of production on the land; and

WHEREAS, under H.R. 2316, states may request to participate in a demonstration project to show that management of National Forest System lands under state law, by local managers, will not only improve local economies but also will improve local ecosystems; and

WHEREAS, each community forest demonstration area will be comprised of at least 200,000 acres of National Forest System

land. Nationwide, no more than a total of 4 million acres may be included in these demonstration areas, which is only 2 percent of all National Forest System lands; and

WHEREAS, the demonstration projects cannot limit or restrict access for hunting, fishing or other activities in the demonstration areas; and

WHEREAS, all rights regarding National Forest System land included in a demonstration area, including the rights of federally recognized Indian tribes, are maintained; and

WHEREAS, the Secretary of Agriculture shall retain responsibility for fire management upon these demonstration projects; and

WHEREAS, the BLM also administers 12 million acres within Idaho, and H.R. 2316 does not include BLM lands in its current form; and

WHEREAS, the benefits validated within a demonstration project upon Forest Service land may also be shown to be valid upon BLM administered lands if given the opportunity; and

WHEREAS, the United States Senate has yet to introduce and pass a companion bill to H.R. 2316.

NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Session of the Sixty-third Idaho Legislature, the House of Representatives and the Senate concurring therein, that we respectfully request that the United States House of Representatives markup and pass H.R. 2316, that the United States Senate draft and pass a companion bill, and that both bodies draft and pass a similar bill for an opportunity to conduct demonstration projects upon BLM administered lands.

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be, and she is hereby authorized and directed to forward a copy of this Memorial to the President of the United States, the Secretary of Agriculture, the Secretary of the Interior, the President of the Senate and the Speaker of the House of Representatives of Congress, and the congressional delegation representing the State of Idaho in the Congress of the United States.
